Dear Dick :

I am enclosing a translation of a letter from Toronto which I have not yet answered. Please let me know what you want me to do about it. K

The job hunting campaign is still in progress. I have just returned from Kansas City and Fulton, Missouri, where I had a series of interviews. The results will be known early this month.

The following paragraph from Dr. Black's letter of December 16 to me may be of interest to you :

"We have very little news of conditions across the frontier to the north. For the past two weeks G.M. Dimitroff has been in the city and I have seen him twice although because of my position here I cannot take any part in any kind of political activity. I have come to the conclusion that Dimitroff is interested in refugees only to the extent that he can exploit them for his own political purposes, whereas I am interested in them as human beings destitute and in need, therefore, I shall not have anything further to do with Dimitroff. I regard him as a political propagandist who has become self-deceived by his own oratory."

With best wishes for success during the new year,

Sincerely,

*John*
